DRINKING WATER NOTICE

Monitoring requirements not met for Madison Village Public Water System (PWS)

As required by EPA, Madison Village tests our water supply for "disinfection by-products" on a regular basis. We utilize a third party testing laboratory to analyze these water samples. During the second quarter of 2015 our third party laboratory mis-handled our samples which invalidated the test. This resulted in our failure to submit a valid test for that quarter. The laboratory has assured us that every effort is being taken to prevent this from happening in the future. Lack of a valid test for that period means that we can not be absolutely sure of the levels of "disinfection by-products" during that time.

What should I do?

This notice is to inform you that Madison Village PWS did not comply with monitoring and reporting for the presence of the contaminants listed above in the public drinking water system during the Second Quarter of 2015 time period, as required by the Ohio Environmental Protection Agency. **You do not need to take any actions in response to this notice.**

What is being done?

Upon being notified of this violation, Madison Village was required to have the drinking water analyzed for the above mentioned parameters. Madison Village will take steps to ensure that adequate monitoring will be performed in the future.

Additional information may be obtained by contacting Madison Village PWS at:

Contact Person: Dwayne Bailey/Administrator

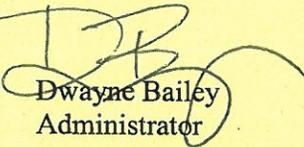

Phone Number: (440) 428-7526

Mailing Address: dbailey@madisonvillage.org

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

PWSID: OH4300903 Facility ID: DS1

Respectfully,

Dwayne Bailey
Administrator
